Activities Report2002

During the year 2002, the **Belgian Society for Medical And Biological Engineering and Computing** and the National Committee for Biomedical Engineering had following activities:

Meeting at the Royal Academy on February 7th 2002

Three day Phd course on "Biomedical signal processing" organised together with KUL, RUG and ULB

Meeting of the National Committee at the Royal Academy on April 18th 2002

Meeting of the National Committee at the Royal Academy on September 19th 2002, single topic: program committee of National Day

Organisation of 2 symposia on "Bio-informatica" (3 oktober VUB) en "Medische instrumentatie en patientveiligheid" (5 december KU Leuven) in collaboration with TI-Kviv Genootschap Biomedische Techniek en Gezondheidszorg.

National Day on Biomedical Engineering at the Royal Academy on October 18th 2002 (105 participants).

A database was updated, on interested contact persons

A website concerning Biomedical Engineering, the National Committee and BSMBEC was kept on-line and updated: <http://www.biomengineering.org>

International relations were kept with IUPESM and IFMBE on the world-level

Contacts with ESEM were upheld on the european level

On behalf of the chairmen prof. Veraart (NCBME) and prof. Verdonck, vice-chairman (NCBME) and chairman (BSMBEC), I remain,

Yours sincerely

Prof. M. Nyssen
Secretary General NCBME
